June 24, 2022

Good Morning;

While most people think that Groundhog Day is the best movie about Déjà vu, in actuality, there are over 48 movies to choose from...who knew????

And on that note.....

Effective September 1, 2022 Advance Tabco is implementing an approximate 10% price adjustment.

Some adjustments might differ, based on current market conditions.

All orders received prior to September 1, 2022, and scheduled for immediate shipment will be invoiced at current pricing.

All orders released for fabrication, with signed prints, prior to September 1, 2022, for immediate shipment, will be invoiced at current prices

All orders with a requested ship date after September 1, 2022, or released for fabrication with a requested ship date after September 1, 2022, will be invoiced with the new pricing.

AutoQuotes will be adjusted on August 15, 2022..

We will not be publishing a new Price Guide or Smart Savings Flyer, but pricing will be available in excel and via our website.

Hopefully the current situation will...level out and we can go back to discussing less divisive topics like politics, gun legislation, and Elon Musk.....

Thank you and have a great day.

Redundantly,

Daniel Schwartz
