May 6th, 2022

To Our Valued Metro Customers,

Effective July 1st, 2022, Metro will implement a price increase of approximately 8% across all product categories. Any order received prior to July 1st, 2022 that ships within the lead time quoted at the time the order was placed will be honored at pre-increase pricing. All orders received on or after July 1st, 2022 will be subject to the new prices.

Continual inflationary pressures in material, labor, and freight have necessitated this action. Based on our current lead times, this notification provides roughly 4 months of notification before the price increase is realized on new orders shipped.

An electronic price file reflecting the changes to our current standard product offering will be available by May 13th, 2022.

These continue to be uncertain times and we are implementing this increase in response to the inflationary pressures we face. We will continually monitor, evaluate, and work to mitigate inflationary pressures in-order to adjust our pricing and programs to the realities of our markets.

Respectfully,

A handwritten signature in cursive script that reads "Nancy Fera".
